(a) Figures up to 1921 refer to the present population, whereas those of 1961, 1971 and 1981 are based on the resident population and those of 1991, 2001 as well as 2011 on the language group declarations. The language analysed up to 1961 is the commonly spoken one, from 1971 to 1981 it was the declaration of which language group they belonged to and in 1991, 2001 as well as 2011 the declaration of which language group they belonged to or were affiliated to.

(b) The voice "others" contains different population groups according to the year:
 1880: the "locals" with a different commonly spoken language and the "non locals"; the same is true for 1890 and 1900;
 1910: Italian citizens with a different commonly spoken language and non Italian citizens;
 1921: foreigners;
 1961: all residents with a different commonly spoken language;
 1971: all residents, who did not declare which language group they belonged to;
 1981: resident Italian citizens without any valid language group declaration, as well as resident foreigners;
 1991: invalid declarations, people temporarily absent and resident foreigners; the same applies to 2001 as well as 2011.
